DUST CONTROL PLAN SIGNAGE GUIDELINES (Minimum Requirements)

The purpose of this signage is to allow the public to contact the responsible party if Visible Dust Emissions or Track-out of material is observed from the site.

Sign Template Sign Size - 48" x 96"

Project Name	6"
IF YOU SEE DUST COMING FROM THIS PROJECT CALL:	6"
Name, Phone Number (XXX) XXX-XXXX	6"
If you do not receive a response, please call the Antelope Valley AQMD at 1-877-723-8070	6"

Signage must be located within 50 feet of each project site entrance.

No more than four signs are required per site facility.

Text height shall be at a minimum as shown on right side of sign template above.

Sign background must contrast with lettering (typically black text with white background)

The sign should be constructed of weather resistant material.

The sign board must be at a visible height.

The contact telephone number listed must be a local or toll-free number and shall be accessible 24 hours per day.

Original signage used during site construction will satisfy the signage requirement of the Active Operation Dust Control Plan/Active Operation Dust Control Plan-Renewable Energy (if required) and can remain if contact information is current and the sign is in satisfactory condition.
